

125 Lb / 55 Kg Chocolate Conditioner

High-Precision Chocolate Conditioner for Small-Batch Production

Melter and Holding Tank for Small-Batch Chocolate Production

Achieve perfectly conditioned chocolate with our precision-engineered 125 Lb Chocolate Conditioner, tailored specifically for artisan chocolatiers. Designed to enhance efficiency while maintaining the highest quality, this unit features advanced temperature controls and a scraper-equipped agitator to ensure professional-grade results. Savage Bros chocolate tanks are ideal for scaling your operations with confidence and ease.

The Savage Bros 125 Lb Chocolate Conditioner features two temperature set points: Melt and Use. The Melt Set Point allows you to efficiently melt chocolate over a precise period of time, while the Use Set Point maintains the perfect temperature for holding and working with chocolate.

OPTIONAL

Not included in the 125 Lb / 55 Kg Chocolate Conditioner Pricing

Integrated Transfer Pump

For continuous pump transfer operation, use the Savage Bros Integrated Transfer Pump. The control module is integrated into the PLC Touchscreen of the Chocolate Conditioner. It features an adjustable deposit amount, up to 6 oz per stroke, 6 Lb chocolate transfer per minute.

Integrated Depositing Pump

For molding applications, use the Savage Bros Integrated Depositing Pump for precise, mess-free deposits—eliminating the hassle of traditional flood molding.

Vibrating Table

The Savage Bros Vibrating Table is designed to work seamlessly with all types of molds and baking trays, ensuring a smooth finish by eliminating voids and air bubbles in your molded products.
