Electrical	3-phase / 60Hz / 5 Amps
Capacity	45 lbs - 100 lbs (depending on the product)
Heat Range	125-150,000 BTU
Product Temperature	70°F - 350°F / 21°C - 177°C
Weight of Unit	806 lbs
Shipping Weight	1,000 lbs (454 kg)
Warranty	1 year limited product warranty

HIGH EFFICIENCY LARGE BATCH CANDYMAKER

The S-217 Firemixer is a large gas cooker-mixer ideal for countless confections. Featuring a distinctive ceramic burner design, this product spreads heat more evenly and efficiently enabling it to cook more while conserving gas.

Additionally, the S-217 Firemixer allows for powerful mixing action, ensuring a uniform and consistent mixture every time.

KEY FEATURES

- 1 Gas throttle system for easy heat rate adjustment
- 2 Spring-Loaded Scrapers that help prevent localized hot spots on the bowl surface even at high temperatures
- 3 Ceramic insulation for superior heat retention
- 4 Direct drive motor & sealed gearbox (no more belts to maintain and replace) that allows for variable speeds from 7 to 60 RPM
- 5 Designed for use with Savage Spun Copper or Stainless Steel Kettle of up to 100 lbs (for non-foaming products) for high yield output
- 6 Hydraulic lift system for one-touch lifting of the mixing head
- 7 Touchscreen for accessing key process data
- 8 Convenient large push buttons and knobs for key functions
